

The Cruiser CKT is a durable, versatile scale for industrial counting and weighing needs. Ideal for stock control tasks, checkweighing during packaging processes and general weighing, CKT can help reduce waste and eliminate shortages. The backlit display changes colour to show if a sample is under, over, or within the preset limits. Store up to 10 high/low checkweighing limits to improve efficiency in production or warehouse applications. Designed to be tough, the Cruiser CKT features ABS housing, stainless steel platform, non-slip feet and load cell protection.

Cruiser delivers powerful performance for industrial applications

Key Accessories

Scoops

Metal scoops are designed to make portioning and food measurement easy. Two sizes available: small and large.

AIP Impact Printer

Easy to use, the AIP high-speed dot matrix printer connects with any device containing an RS-232 or USB interface. Communication is smooth and fast, as the AIP automatically detects a scale's settings. AIP features durable ABS plastic construction and is simple to use, as it operates with just an on/off switch and a paper feed button.
